

TEAM KILO

This is what appears when you tap on a work in the gallery.

Basic information like the work's title, artist, tags, number of favorites & comments are provided at a glance.

Tags are a system of keywords assigned by artist that relate to their work.

Users can report false/misleading tags that moderators can change.

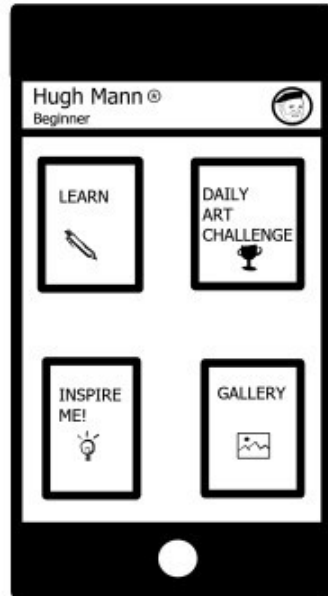

When typing in the name of a tag suggestions will appear (like google autofill) to reduce issues caused by spelling errors

Browse similar lets you view works with matching/similar tags

Tapping browse similar loads more works in.

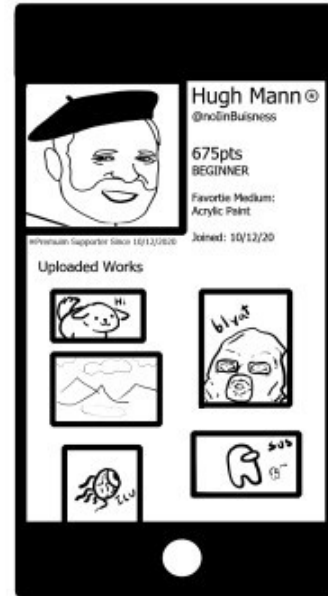

TEAM KILO

②

What brings you here?

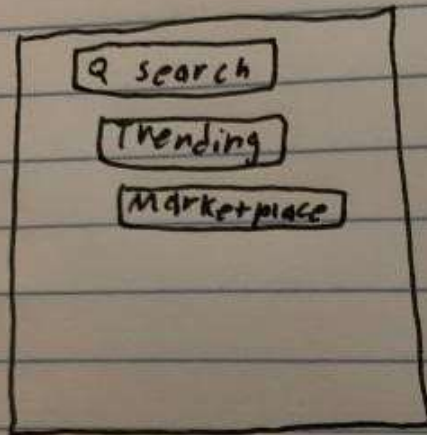

- ☐ Sharing Art
- ☐ Need inspiration
- ☐ Wanting to buy art
- ☐ Want to sell art

Go

Reason for using the app to
better personalize the experience

TEAM KILO

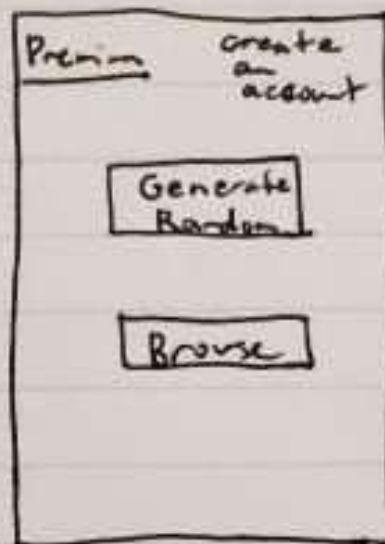

③

- Search can be used for inspiration,
- Trending shows what art is in demand
- marketplace can be used by artists and critiques to discuss prices

TEAM KILO

Sid

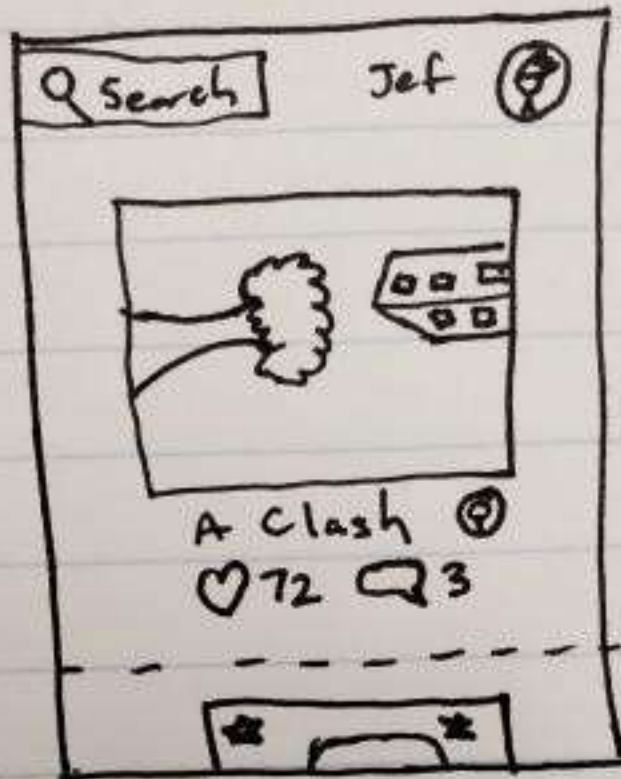

This is the first screen. Browse will let you search topics and look at other's accounts. Create an account gives access to account exclusive features. And premium lets you pay for more functionality

TEAM KILO

This is how
an account
would look,
with a profile
pic, and uploaded
art

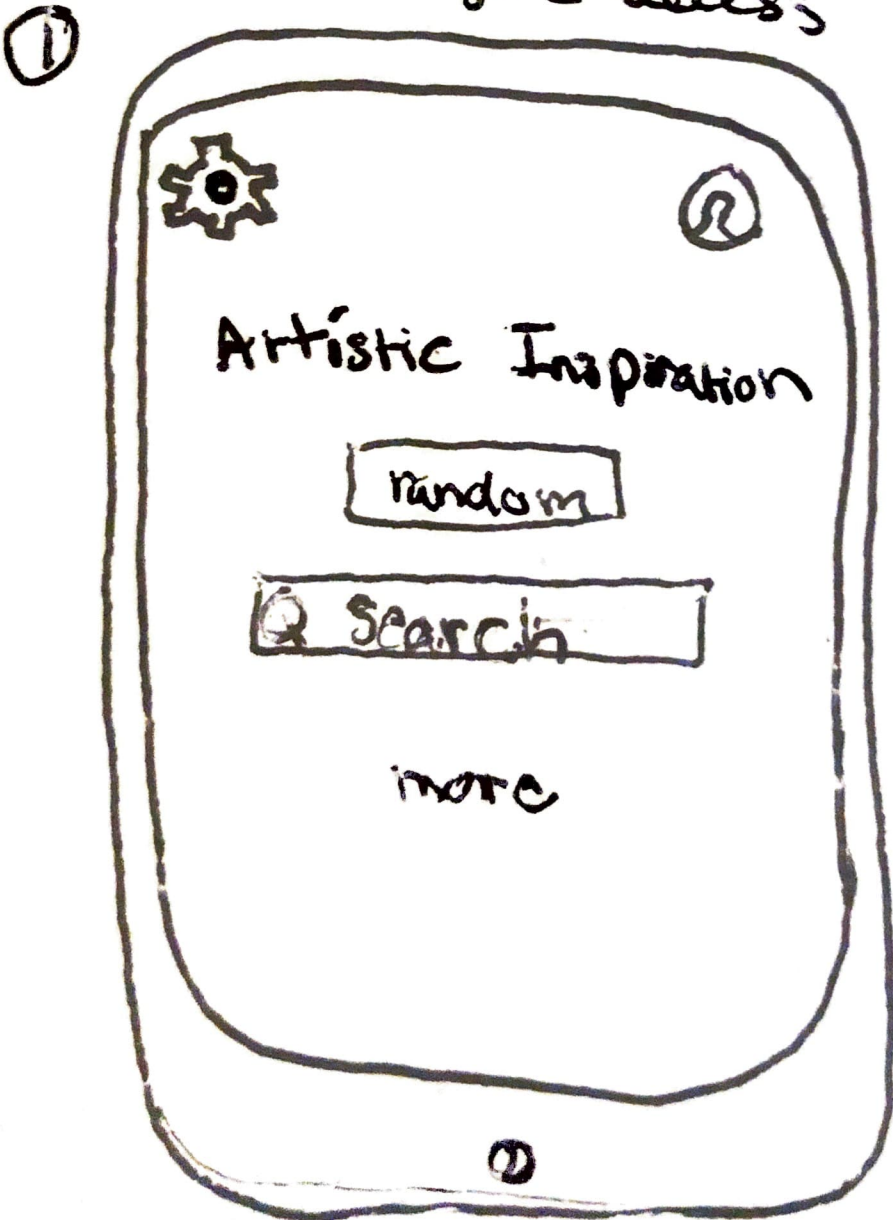

TEAM KILO

There is a feed
when you have a
profile for art you
may like that is
scrollable.

Main menu

- settings option
- access to profile
- random generator button
- search engine access

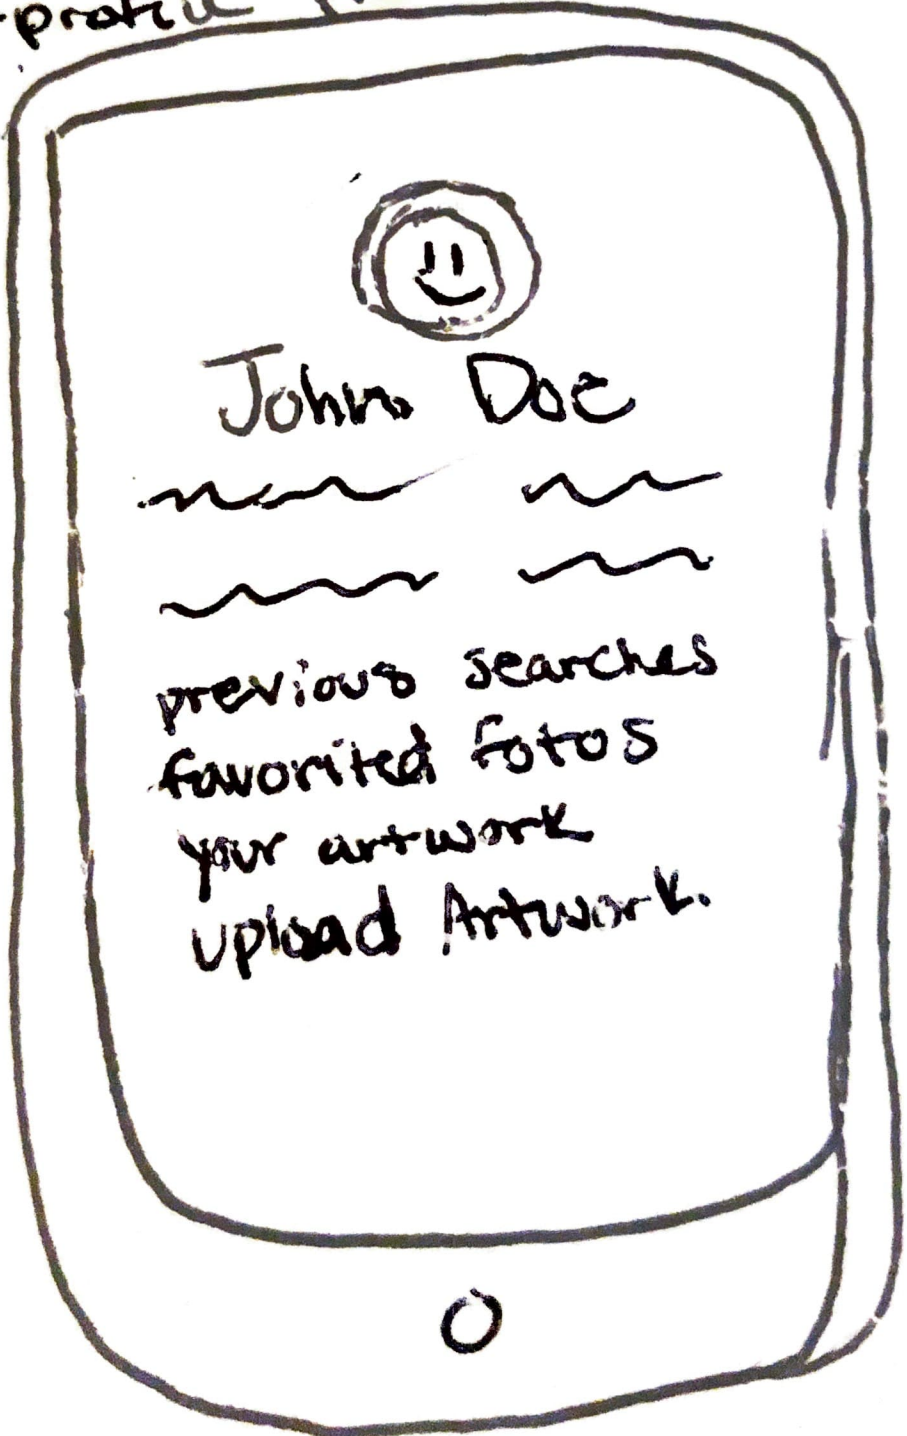

Dense Garden

profile

- access to prev. searches,
- favorited fotos and more
- profile pic and bio

②

- option for different images
- images displayed
- heart / save option
- like and dislike option
